

eStatement Delivery Agreement

Important Electronic Statement (eStatement) Information

By accepting this consent, you agree to receive Communication Federal Credit Union records in an electronic format rather than sent to you in a paper form via U.S. Mail. By acknowledging this consent you understand and certify that:

- 1) Your decision to receive records electronically is voluntary and you may change it at any time by calling Communication Federal Credit Union Member Services at 800.522.3535.
- 2) This consent applies to correspondence available in an electronic format except those specifically prohibited by law
- 3) In order to receive your Communication Federal Credit Union records electronically, a computer that has access to the Internet utilizing a modern web browser is required as well as access to a printer (should printing be necessary)
- 4) You have provided a valid e-mail address to receive notifications from Communication Federal Credit Union regarding your records

eStatements are an electronic service that allows you to view and print your Communication Federal Credit Union account statements and other Communication Federal Credit Union documents. Once you elect to view your statements electronically, you will no longer receive a paper statement or paper notices through the U.S. mail. Statements will generally be available electronically within 4 business days after production. Please allow 30-45 days for paper statement delivery to end. This means you may receive one additional monthly statement after changing your delivery option to electronic.

If you require a paper copy of a past statement that is not available for viewing under the eStatement option, please call Communication Federal Credit Union Member Services at 800.522.3535 or visit your nearest Communication Federal Credit Union Branch. A \$2.00 per page fee may be assessed for statement copies.

Please print and keep this information for future reference.
